LinkedIn: <https://www.linkedin.com/in/vijavalaxmi1106/> Portfolio: <https://vijavalaxmi1106.github.io/>

PROFESSIONAL SUMMARY:

- Informatics graduate from Northeastern University with hands-on SAP IBP experience including Demand Planning, S&OP, Supply Planning, Control Tower, Statistical Forecasting, ABC-XYZ Classification, Key Figure and Attribute creation, and IBP Excel Add-in.
- Skilled in Power BI (DAX), Tableau, and MS Excel for data visualization and business intelligence reporting. Built real-world dashboards for live sponsors during the Informatics Capstone at Northeastern University.
- 2+ years of professional experience as an Associate Functional Business Analyst at Retunes IT Media, with a background in requirements gathering, BRD documentation, and client-facing communication.

EDUCATION:

- Master of Professional Studies in Informatics, Northeastern University, Boston (2024 – 2026)
- Bachelor of Commerce (Computer Applications), Osmania University, Hyderabad (2019 – 2022)

TECHNICAL SKILLS:

- SAP IBP: Demand Planning, S&OP, Supply Planning, Control Tower, IBP for Inventory, Key Figure & Attribute Creation, Statistical Forecasting, ABC-XYZ Classification, Outlier Corrections, IBP Excel Add-in
- Data Visualization: Power BI (DAX, dashboards), Tableau (interactive dashboards, calculated fields), Looker Studio, MS Excel (PivotTables, advanced formulas, charts)
- Project Management: Microsoft Project, PMBOK Framework, Scrum / Agile
- Business Analysis: Requirements gathering, BRD documentation, stakeholder communication, process documentation, usability testing
- Tools: SharePoint, Outlook, Microsoft Teams, Tableau Public, MS PowerPoint, MS Word

PROFESSIONAL EXPERIENCE:

Retunes IT Media, India

July 2022 – May 2024

Associate Functional Business Analyst

- Gathered and documented client requirements for web application development projects for the Government of Andhra Pradesh.
- Prepared Business Requirements Documents (BRDs) and project notes; supported data loading, validation, and error resolution.
- Acted as primary liaison between clients and the development team, managing communication, testing, and deployment.
- Promoted from intern to full Software Consultant based on performance and client feedback.

PROJECTS:

FIA Manipulation Detection Analysis Dashboard, ITC6040 Informatics Capstone, Northeastern University Jun 2026

Analytical Design Lead

- Defined detection metrics, suppression gap logic, and six-sheet Tableau dashboard structure for a live sponsor project with the Feminine Intelligence Agency (FIA).
- Served as navigation observer during user testing; co-led post-testing analysis and produced the prioritized improvement list adopted in the final dashboard.
- Key finding: LLM detection rates doubled from 17% to 40%; 65% of missed signals were suppressions not blindness across three models.

SAP IBP Demand Planning & S&OP Simulation, Hands-on Practice — Live SAP IBP Server 2025 – Present

SAP IBP Analyst (Self-directed)

- Practicing end-to-end Demand Planning and S&OP workflows on a live SAP IBP server — including statistical forecasting, outlier corrections, ABC-XYZ classification, and key figure calculations.
- Building proficiency in IBP master data, attributes, planning activities, application jobs, and IBP Excel Add-in template creation.

- Working toward SAP IBP certification with focused study on Demand, Supply, S&OP, Control Tower, and Inventory modules.

CERTIFICATIONS & ACHIEVEMENTS:

- SAP IBP hands-on training — Demand Planning, S&OP, Supply Planning, Control Tower (live server access)
- Best Seminar of the Month — Annie Besant Women's Degree College, 2021
- Promoted from Intern to Software Consultant — Retunes IT Media, 2023
